Saab J35Ö Draken

Dragon Knights

Austrian Air Force

The Draken with its famous double-delta wings is one of the most iconic jetfighters of the 20th century. Built by Sweden as their prime interceptor, the Draken had amazing stability and agility at all speeds and a high climb rate. It was used by Sweden, Finland, Denmark and Austria in altogether 45 years of service.

This version was the final Draken to be retired from military service after 45 years.
