Mc Donnell Douglas / Boeing F/A-18A Hornet

NATC

U.S.Navy, Naval Air Test Center

The F/A-18 Hornet is one of the most versatile modern combat aircraft. It was probably the first combat aircraft to be developed for both Fighter and Attacker role right from the beginning. It has served for more than thirty years with a number of air forces all over the world.

This version was one of the early Hornets used for testing at the Naval Air Test Center at Patuxent River, Maryland.
