Mc Donnell Douglas / Boeing F/A-18 Hornet

RCAF High Visibility

Royal Canadian Air Force, 3rd Squadron

The F/A-18 Hornet is one of the most versatile modern combat aircraft. It was probably the first combat aircraft to be developed for both Fighter and Attacker role right from the beginning. It has served for more than thirty years with a number of air forces all over the world.

This version was one of the early Australian Hornets, painted with black top and tails.
