Mc Donnell Douglas / Boeing CF-18 Hornet

Tiger Meet 1991

Royal Canadian Air Force, 439th Squadron

The F/A-18 Hornet is one of the most versatile modern combat aircraft. It was probably the first combat aircraft to be developed for both Fighter and Attacker role right from the beginning. It has served for more than thirty years with a number of air forces all over the world.

This version was a special repaint for the Tiger Meet of 1991
