

Heinkel He-111D

Luftwaffe, 1938

The Heinkel He-111 was the principal Medium Bomber of the German Luftwaffe in World War 2. While gradually replaced by newer types, it served until the end of the war in various roles. The Spanish license-built version, the CASA 2.111 even served until long after the war.

The D-type was an early bomber version with stepped nose and round wings. It has large radiators under the engine and exhausts covered with a bulge.
