

Heinkel He-111H-22

With V-1 buzz bomb, Luftwaffe, 1944

The Heinkel He-111 was the principal Medium Bomber of the German Luftwaffe in World War 2. While gradually replaced by newer types, it served until the end of the war in various roles. The Spanish license-built version, the CASA 2.111 even served until long after the war.

The H-20 type was an upgraded version of the H-type with an enclosed turret on the top of the surface. Its version to carry the V-1 buzz bomb was designated H-22.
