

Heinkel He-111H-8 cable cutter

Luftwaffe, 1941

The Heinkel He-111 was the principal Medium Bomber of the German Luftwaffe in World War 2. While gradually replaced by newer types, it served until the end of the war in various roles. The Spanish license-built version, the CASA 2.111 even served until long after the war.

The H-8 was an H-type fitted with large steel knives known as "Klette-Gerät" to cut barrage balloons.
