

SH 1-009-14

Lavochkin LA-7

White 11

Czechoslovak Air Force, 2nd Fighter Air Regiment, 1945, flown by Stefan Ocvirk

The Lavochkin La-7 was a development of the successful La-5FN. No improved engine was available, but the La-7 had major aerodynamical improvements, such as a new inner wing section and relocated air coolers. It also received improved instrumentation and systems. All this made it the overall best soviet fighter aircraft of World War 2.
